

# Washington DC Sakura Grant Program

## General Information for the 2022-2023 School Year

### Purpose

The purpose of the Washington DC Sakura Grant Program is to support public, private, and charter/magnet schools that provide Japanese language and/or Japanese cultural education to students at the K-12 level in the District of Columbia, Maryland, and Virginia.

The Sakura Grant Program was established in 2012 to commemorate the 100<sup>th</sup> anniversary of Japan's gift of cherry blossom trees to America. ## **Grant Amount**

Grants will range between \$500 and \$2,000 per school, per school year. Schools may apply every year, whether they received a grant the previous year or not. Schools that received the Sakura Grant in 2012-2022 are eligible to apply for the 2022 Washington DC Sakura Grant. Schools are eligible to apply for the Washington DC Sakura Grant (which was re-established in 2017) for a total of three years.

Schools may apply for more than one project, but the total amount requested for all projects may not exceed \$2,000 in one school year. For example, a grant application can be made for books and DVDs for classroom use, books on Japan for the school library, and support for a school Japan festival. Only one overall grant application is required, but a separate description of each program or project must be included. JCAWF may approve none, some, or all of the proposed programs and projects.
